

If you have SKILLS to offer, TIME to commit, and you share our DRIVE and ENTHUSIASM to bring about POSITIVE CHANGE in the world, then apply to the Volunteer Healthcare Corps.

Help Strengthen the Social Welfare System in Tanzania

The Volunteer Healthcare Corps is seeking mid- to senior level professionals to serve as mentors and provide technical assistance to the Twinning Center's [Social Work Initiative](#) in Tanzania. We are looking for candidates with experience in the following:

- Working with disadvantaged groups in the social services field, particularly in an academic setting
- Knowledge of social work practice for communities affected by HIV/AIDS and related education and training materials and methods
- Developing training curricula
- Coordinating/facilitating trainings
- Faculty development
- Working with professional associations/association building
- Familiarity with organizational development practices
- Qualitative and quantitative data collection
- Research, including the production of publications
